

# HELPme for K-12 Schools

Breaking Down the Stigma of Asking for Help: How STOPit is Transforming Communication in Schools.

We are excited to invite you to a pivotal webinar hosted by STOPit Solutions in strategic collaboration with Arizona Rural School Association (ARSA).

Discover the innovative capabilities of HELPme, our flagship platform dedicated to transforming school environments into supportive spaces for emotional and psychological wellness.

[Register for Sept. 26](#)

### Breaking Down Barriers:

Gain insights into combating the fears and cultural stigmas that often deter individuals from seeking help.

### Data-Driven Insights

Review comprehensive data gathered from our partnerships with over 1800 school districts nationally, shedding light on prevalent mental wellness challenges and safety concerns.

### Foster Open Communication

Explore strategies to implement HELPme effectively, ensuring it becomes a cornerstone for nurturing a culture of openness and support.

## Webinar Highlights:

This webinar is an invaluable opportunity for school administrators, counselors, and educators committed to making a significant impact on student well-being and school safety. By attending, you will not only gain practical knowledge but also become part of a community striving to ensure that every member of the school ecosystem feels valued and supported.

- 1. Understanding HELPme:** Dive deep into how HELPme facilitates a stigma-free environment for students, staff, and families to seek help.
- 2. Thrive Incentive Program:** Learn about our exclusive incentive program for the 2024-2025 school year, designed to bolster our ongoing partnership with WRESA and further support school communities.
- 3. Interactive Q&A:** Engage with our experts to discuss your specific concerns and learn how HELPme can be tailored to meet the unique needs of your district.
